Brown County								
4 SE Ripley	10	1635EST 1639EST			0	0	10K	Thunderstorm Wind (EG50)
A roof was blown off of the patio of a home along the Ohio River. The roof was carried 100 feet uphill and over US Route 52 before being dropped. Several trees were downed as well. The damage was caused by a possible microburst								
Highland County								
6 E Hillsboro	10	1720EST 1723EST	0.5	30	0	0	30K	Tornado (F0)
A brief tornado moved along a half mile path just north of Rocky Fork Lake. A restaurant along North Shore Road sustained minor siding damage. A real estate office along North Beach Road had portions of its aluminum roof peeled back or completely ripped off. The most extensive damage occurred to a residence about a tenth of a mile to the north-northeast of the real estate office. The home sustained major roof damage, and had an enclosed patio on its front porch completely removed and strewn behind the home. The majority of the patio was deposited into a deck and above ground pool behind the house, causing additional damage. A few trees between six and twelve inches in diameter were snapped between the real estate office and the residence.
